The screenshot displays the OECD website's header and main content area. The header includes the OECD logo and tagline "BETTER POLICIES FOR BETTER LIVES", a search bar, and navigation links for Data, Publications, More sites, News, and Job vacancies. Below the header is a blue navigation bar with links for OECD Home, About, Countries, Topics, COVID-19, and Ukraine. The main content area features a dark blue background with a glowing blue sailboat graphic. The ODICY logo and name are prominently displayed, followed by the text "Observatory on Digital technologies in Career guidance for Youth". Below this, a headline reads "Learning from each other is a powerful means to better prepare young people for working life". The text describes the ODICY as an open-access repository for digital technologies in career education and guidance, designed to enable the global community of policy makers, schools, and guidance practitioners to gain easy access to up-to-date practice examples and insights on effective commissioning, development and use. It also mentions that developers and users of digital tools in career guidance in schools are invited to submit a case study.

Observatory on Digital technologies in Career guidance for Youth

**Learning from each other is a powerful means to better prepare young people for working life**

The OECD Observatory on Digital technologies in Career guidance for Youth (ODICY) is an open-access repository on the use of digital technologies in career education and guidance by primary and secondary schools. This is designed to enable the global community of policy makers, schools and guidance practitioners to gain easy access to up-to-date practice examples, and insights on effective commissioning, development and use. Developers and users of digital tools in career guidance in schools are invited to submit a [case study](#).
